# Understanding the Levels of Assurance

Source: World Bank, 2016.

Role of Governments

- Digital Identity is Government responsibility

- Digital Identity is Human Right

- Social and economic considerations speak for fast deployment

Digital Identity Trends 2020+

- Mobile Only vs Mobile First

- Private-Public Model prevailing

- Increased AML/KYC stress

- Fast Deployment

- Adoption of Assurance Models

- Mutual Recognition

Let's make digital transformation happen! Everywhere.
